- 46.2 The umpires shall choose the goal to be used and they shall toss a coin with the captains to decide which team shall take the first penalty stroke. The team having been awarded the highest number of goals shall be the winner, and the competition shall cease once an outright winner has been established.
- 46.3 In the event of an equal number of goals having been awarded, another series of penalty strokes shall be started with the same players, subject to incapacitated goalkeepers being replaced, and shall feature 'sudden death', which shall mean that the winner shall be the first team to have been awarded one more goal than the opposing team after an equal number of strokes (no minimum) have been taken by each team. The sequence does not need to be the same as in the previous series and the Team Manager has freedom of choice at the time of each stroke as to which of the **five** (5) nominated players will take the stroke using all **five** (5) nominated players per round.
- 46.4 The team whose player has taken the first penalty stroke of the first series (refer Rule No. 46.1.a) shall not take the first penalty stroke of the 'sudden death' series.
