Hawke's Bay Hockey Seek High Performance Manager

Following Greg Nicol's appointment as Assistance Coach to the New Zealand Women's Hockey Team, the Hawke's Bay Hockey Association is seeking to appoint a High Performance Manager to oversee the high performance aspects of hockey in the province.

Hawke's Bay has a proud tradition within New Zealand hockey and is looking to build on that with the appointment of a quality candidate.

The High Performance Manager Role is a fulltime role with an immediate commencement date.

An attractive remuneration package is available to the successful applicant.

Ford National Hockey League – Results and the weather!

Congratulations to all the Ford National Hockey League teams, managers and technical officials who participated in the semi-finals and finals over the weekend. In particular, congratulations to the Land & Marine Auckland Fury Women's team who won the K Cup for the first time in 10 years.

The men's final match of the 2011 Ford National Hockey League was abandoned due to rain, hail, sleet and then finally snow which forced both teams from the field. With 20 minutes to play, the tournament's technical officials decided that there was no result as the match was not completed, and due to the logistics of getting the same team's together again, that this year's Challenge Shield would be shared between joint winners Auckland and Central. While it was very disappointing to not have a clear winner from a hard fought match, we congratulate Auckland and Central for their tremendous play throughout the tournament.
